

DEPARTMENT OF THE AIR FORCE
460TH SPACE WING (AFSPC)

MEMORANDUM FOR NEWLY ASSIGNED PERSONNEL

2 July 2015

FROM: 460 SW/CC

SUBJECT: Welcome to Buckley Air Force Base

1. Congratulations! You have been selected for one of the best assignments of your career. On behalf of the men and women of Buckley Air Force Base, welcome to Colorado and the 460th Space Wing! We are truly exceptional Airmen delivering persistent global surveillance and exemplary installation support for our Nation's defense.
2. You are joining an award-winning team of military and civilian professionals who provide combatant commanders with persistent global surveillance, missile warning, expeditionary forces and support to homeland defense missions. Our mission is to maximize missile warning and deliver outstanding installation support.
3. Buckley AFB supports 88 mission partners and more than 13,000 service members, civilians, contractors and dependents. I'm counting on you to be an integral part of this important team so we can Build a Better Buckley Together (B3T).
4. Upon arrival at Buckley AFB, your first stop should be your gaining unit to schedule in-processing appointments. In-processing occurs in our outstanding Military Personnel Section customer support element located in Building 606. Please remember in-processing is a mandatory military appointment and must be accomplished in duty uniform.
5. As soon as you arrive at Buckley AFB, you will discover the excellent support services available in our local community. Our wing's "Newcomers Orientation" is a mandatory military appointment for all 460th Space Wing personnel, and I encourage your family members to attend with you, as they will also find the information helpful.
6. For more information about Buckley AFB, please visit <http://www.militaryinstallations.dod.mil/> and enter Buckley AFB in the installation search. Your sponsor is also another valuable resource for information, and you can contact the Buckley Airman and Family Readiness Center at 720-847-6681. Again, welcome to Buckley AFB, the home of missile warning!

A handwritten signature in black ink, appearing to read "John W. Wagner", is positioned above the typed name and title.

JOHN W. WAGNER, Colonel, USAF
Commander
